DETAILED ACTION

This office action is in response to Applicant's Request for Continued Examination filed 11/17/10. Claims 1 and 4-29 are pending with claim 1 in independent form. Claims 2-3 are cancelled and claims 25-29 are newly added.

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/17/10 has been entered.

Allowable Subject Matter

2. Claims 1 and 4-28 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's Remarks filed 11/17/10 have overcome the previous prior art rejections. The prior art of record fails to teach or fairly suggest to one of ordinary skill in the art, in conjunction with all the other limitations of the claims:

With respect to claim 1 and all its dependencies, a flat security element having an in-register authentication pattern comprising at least one of a combination and a superposition of a front side pattern on its front side and a reverse side pattern on its

reverse side where the front side pattern is at least partly observable in transmitted light and is in the form of a front side geometric pattern and the reverse side pattern is at least partly observable in transmitted light and is in the form of a reverse side geometric pattern where the registration of the pattern is observable in transmitted light from the front and the reverse side of the security element, in combination with all the other limitations of the claim

The prior art of record fails to provide sufficient teaching or motivation to one of ordinary skill in the art to provide the additionally recited features of these claims in the combinations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
